

## A Field Guide to Sprawl (Paperback)

By Dolores Hayden

WW Norton Co, United States, 2006. Paperback. Book Condition: New. Reprint. 203 x 178 mm. Language: English . Brand New Book. A Field Guide to Sprawl was selected by the urban web site Planetizen for its list of Top Ten Books in Urban Studies and by Discover magazine for its list of Top 20 Books in Science. Features on the book appeared in The New York Times and the Boston Globe. Duck, ruburb, tower farm, big box, and pig-in-a-python are among the dozens of zany terms invented by real estate developers and designers today to characterize land-use practices and the physical elements of sprawl. Sprawl in the environment, based on the metaphor of a person spread out, is hard to define. This concise book engages its meaning, explains common building patterns, and illustrates the visual culture of sprawl. Seventy-five stunning color aerial photographs, each paired with a definition, convey the impact of excessive development. This engagingly organized and splendidly photographed (Wall Street Journal) book provides the verbal and visual vocabulary needed by professionals, public officials, and citizens to critique uncontrolled growth in the American landscape.

## Reviews

*It is an awesome publication which i actually have ever read through. it had been writtern really properly and valuable. I found out this book from my i and dad recommended this pdf to discover.*

-- Doyle Schmeler

*This book is definitely not simple to begin on studying but quite fun to see. I actually have read and that i am sure that i will gonna read through yet again once again in the foreseeable future. It is extremely difficult to leave it before concluding, once you begin to read the book.*

-- Brennan Koelpin
