Anza Publishing, United States, 2010. Paperback. Book Condition: New. New.. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Over the course of many generations, the concept of family has served a vital function in every community. It has always had the power to transform a household, from a mere collection of persons, into a healthy, solid base from which individuality can naturally spring forth. Family stands as a vanguard in civilized society, and in fact, it is the only place where consideration, respect, and mutual reliance can effectively interact to create a nurturing environment. The loss of support within the childhood home can lead to potentially devastating consequences later in life, due to poorly conceived attitudes about relationships. The Concept of Family, by Paul Dennis Sporer, is a valuable contribution to the field of family studies. Through a comprehensive investigation, this work reveals many of the most overlooked issues concerning family life. In his research, Sporer has discovered, that contrary to popular opinion, people living before the modern age were morally stronger and more individualistic than in our time, and men and women were able to co-exist harmoniously with each other in happier relationships. European societies have for centuries endeavored to give everyone the platform upon which to build a distinctive, fulfilling life, by developing the individual s mental faculties through the positive interactions found in the family home. Such inner strength meant that our ancestors could achieve success in business and community while maintaining their individuality, oftentimes with relatively few resources. The book elucidates the reasons for this traditional superior standard of individual accomplishment. Older European cultures believed it was important to teach children about mutualism and reciprocity from a young age, by elaborating on those aspects that strengthen and solidify a relationship....
