HEALTH COMMUNICATIONS, United States, 1999. Paperback. Book Condition: New. 2nd edition. 212 x 138 mm. Language: English . Brand New Book. The authors of this Science of Mind classic sum up its content as the things in your life and the thoughts that are behind them . Readers will discover that the key to living a life of inner peace, contentment and fulfillment is to think in creative, positive, self-affirming ways. Thoughts are things, and all the things in one s life have a thought that precedes them. Readers will learn that if they change the content and tone of the thoughts behind the things in their lives, they will permanently transform themselves and their lives-- for the better. You are to have implicit confidence in your own ability, knowing that it is the nature of thought to externalize itself in your health and affairs, knowing that you are the thinker. Have the will to be well, to be happy,...
